

Satin Billow

How to fold a Satin Billow!

1. Lay your Satin Billow on a large flat surface with the satin side down, chenille side up.
2. Hold over the one third over to the centre. Then fold over the other side to the center.
3. Begin folding up towards the top, one 'block' or a 'third' at a time
4. Turn over so the pocket opening is on the top.
5. Slide your hands in to the pocket, grab the top corners from the inside and pull it inside out. Same as putting on a duvet cover. You will then need to smooth out the inside to complete the transition from blanket to pillow.
6. The blanket has transformed into a pillow, your *Satin Billow*.
7. Reverse these instructions to open up your blanket when needed.

Our Satin Billow is a combination of two luxurious fabrics to produce two useful much needed items. A Satin Pillow and a smooth cuddly Chenille Throw Blanket designed with all our customers in mind. Whether it's used for travel in the car or plane, you will enjoy this Satin Billow every time you use it either as a Blanket , or as a Satin pillow.

Care Instructions

Machine wash in cold water on a gentle cycle. Tumble dry in dryer for a few minutes then lay flat to air-dry. Do not bleach.

Enjoy your SATIN BILLOW.
